

# Tech TY - School Group Heartbeat Counter™

Do you consider or strive for your School to be thought of as a leader in your community? Now you can be among the first in your community to inspire positive daily actions from your students, parents, teachers, staff and community.

Tech TY offers the School Group Heartbeat Counter™ that encourages students and participants to connect to what is positive in themselves, their school, community and the World.

Counting heartbeats while doing fun positive activities makes a powerful statement for seeking new innovative ways to improve focus for better grades, good health and habits that will last a lifetime. Counting positive heartbeats also tackles tough issues that kids face such as solving obesity, better managing diabetes, improving math and study focus skills.

Heartbeats, everyone has them. On average a person's heart will beat 100,000 times a day.

Why not count heartbeats while doing positive activities such as eating nutritiously, exercising, studying, working on a successful project or team building volunteering.

Count double heartbeats when doing a good deed by helping another person. Children and adult positive activity, heart healthy community programs available.

Encourage others to combine activities with their heartbeats often to create awareness with positive changes. Our concept is easy to do and compatible with most school programs and community events.

Tech TY provide a product called Group Heartbeat Counter™ that will count and display total heartbeats in support of your programs and events.

## It's easy to use. Here is how to participate:

- Provide instructions to your students and participants before an event on how to count an and send total heartbeats (flyers, pocket reference cards and emails).
- Send total heartbeat count via computer
- Display real-time School Group Heartbeat Counter™ on your website, at recognition events or corporate locations.
- Customized counter and display your School group heartbeats
- Feature: Group Bookmarks to important sites such as donations
- Feature: Group Events Calendar
- Connect to your social media sites such as FACEBOOK and Twitter

This is a great way to attract and retain loyalty! For more information please email [sandymasin@techty.org](mailto:sandymasin@techty.org)
