

Tech TY - Spiritual Group Heartbeat Counter™

Are your member's hearts connected to your House of Worship? Now you can be among the first to inspire positive daily actions from your members, participants and community.

Tech TY offers the Spiritual Group Heartbeat Counter™ that encourages members and participants to connect to what is spiritually positive in themselves, their House of Worship, community and the World.

Counting heartbeats while doing fun positive activities makes a powerful statement for seeking new innovative ways to attract and retain donors, sponsors, members, participants by connecting to heartfelt activities

Heartbeats, everyone has them. On average a person's heart will beat 100,000 times a day. On average a House of Worship with 100 members that do positive activities can give over 1 million heartbeats a week to make the World a better place.

Why not count heartbeats while doing positive activities such as praying, eating nutritiously, and exercising, studying, working on a successful project or team building volunteering. Count double heartbeats when

doing a good deed by helping another person. Children and adult positive activity, heart healthy community programs available.

Encourage others to combine activities with their heartbeats often to create awareness with positive changes. Our concept is easy to do and compatible with most House of Worship programs and community events.

Tech TY provide a product called Group Heartbeat Counter™ that will count and display total heartbeats in support of your programs and events.

It's easy to use. Here is how to participate:

- Provide instructions to your members or participants before an event on how to count and send total heartbeats (flyers, pocket reference cards and emails).
- Send total heartbeat count via computer
- Display real-time Spiritual Group Heartbeat Counter™ on your website, at recognition events or corporate locations.
- Customized count and display your House of Worship group heartbeats
- Feature: Group Bookmarks to important sites such as donations
- Feature: Group Events Calendar
- Connect to your social media sites such as FACEBOOK and Twitter

This is a great way to receive ongoing positive connections to your House of Worship in difficult environments to attract and retain loyalty!
